PERSONAL AND SOCIAL

Reeve Clarkson, of Sunny South, was in town on Monday.

Everett Potter was in the Hat on Sunday.

Miss Minnie Koopman spent the week end at the Hat.

Miss G. Benjamin of Bluegrass is visiting her sister Mrs. C. M. Taylor of Bassano.

Mrs. H. D. Russell of Casman-gar who has been visiting Mrs. K. MacKenzie has returned home.

Mr. McIntosh and son Orville drove from Barons to their land at Tripoli.

The Ladies Aid will hold an entertainment on the evening of July 30th. A good programme is being arranged and a dainty luncheon will be served. Admission 25 and 50.

C. Riddell arrived on Tuesday and will take charge of the Atlas Lumber Company's yard.

Messrs Stubbs and Graham took in the Winnifrid Celebration on Friday. Mr. Graham took along the bag pipes.

Hans Rognstad made his sub O.K. at the News. W. S. Benjamin is a new subscriber to the Alderson paper.

George McKee is on a two weeks vacation to Akron, Ohio. During his absence Manager O. J. Woods is combining the two positions, of manager and teller.

On Sunday Messrs Hegy, Wood and Kirkland motored to Blue Grass. Unfortunately, on the return the car stalled and the trip home was made by team.

Miss Queenie Tabors, of Medicine Hat, music teacher, was in town on Tuesday. Her present pupils are the Messrs Bean and Miss F. Stuart.

It is already assured that present accommodation of the Provincial School of Agriculture situated on the Demonstration Farm at Clareholm will be overcrowded when the term opens October 28, 1915. To accommodate the large number of students that will be present, new buildings will also be made to the staff. The course is entirely free. The only expense in connection with it is for room, board and books.

A wheatfield six thousand acres in extent is to be seen six miles from the town of Bowell, near Medicine Hat. It is sixty days since the wheat was sown, and it now stands 4 1/2 inches high and is well headed out. With fields that will go less, the yield will average about 25 bushels to the acre. Twenty-three binders will cut the crop.

Wednesday, July 21st, Mr. and Mrs. John Parkkari celebrated the 30th anniversary of their wedding; their pearl wedding. Quite a number of their friends called and offered felicitations.

A Toggler an employee of the Southern Alberta Co. at Ronalene broke his ankle last Friday when a broncho he was exercising stepped on it. M. A. Breen, Manager of the farm took the injured man to the hospital at Medicine Hat.

The News regrets that an error crept into our report of the Cake contest on Celebration Day. Mrs. McDiarmid was reported as having taken second place in the contest while the correct standing was 1 Mrs. McDiarmid 2 Mrs. McDonald 3 Mrs. Rinders.

Mrs. J. L. McKinnon of Lorette, Manitoba is at the bedside of her son Mr. L. H. McKinnon.

H. C. Harrison Chas. MacDonald and Neil Rinders go to the Hat to-night to prove up their land.

Trade at home!

Mr. and Mrs. C. T. Hildahl are spending a few days in the Hat.

Morton Peters drove across country to Montana this week.

Rev. F. E. Clydale writes to have the News sent to Formosa Ont.

There will be a dance in the new granary erected by Charlie Wallace at Palona on July 23rd.

The W. A. will meet on Wednesday aft. July 28th at Mrs. Guy Hamilton's, Pleasant View Farm.

Messrs McArthur and Bryson, of Tide Lake, went to the Hat on Tuesday.

The Ladies Aid will meet at the residence of Mrs. Rosenbeim on the 28th of July, for an all day meeting.

The Messrs Mary and Madeline Bean returned on Tuesday after visiting for several days at Mr. W. H. McEwen's residence in the Hat.

Miss E. Shields, of Calgary, is the guest of her brother Frank S. Shields.

James Bussard returned to MacLeod on Sunday. Jim will shortly move his family to Alderson and get in on the big harvest work.

F. J. Baeken has received word of his appointment for this district to Stock Inspector.

W. J. Cleave and T. L. Owens, of Suffield, were in town on Monday for the Sunny South Council meeting. They made their sub. good for this year at the News Office.

Study the ads. It pays.

Last week, one of Al. Cole's well bounded had a mis-understanding with a porcupine. The porcupine won 60 points, and the bound had to be put under closoform while the points were removed.

Work on Elevator Commenced

At last the work on the new big elevator of the N. E. Stuart Grain Co. is under way. Contractor A. J. Voss, of Calgary, and W. H. Herron are in charge of a big contingent of men and the orders are to rush the work to completion. The first work was done on Monday. Mr. Stuart and his associates have always shown a commendable faith in this district, and this new project is just one more evidence.

Wild Land Tax

Harvey Smith, Provincial Inspector of Un-occupied Lands, stated to the News that the object of the "Wild Lands Tax Act," passed October 22, 1914, was the taxation of all lands held by speculators and improved land. It will not affect homesteads, or any land filed on as homestead or pre-emption, or any bona fide farmers. This year, 1915, is the first year under this tax. The Provincial Government expect to derive upwards of \$500,000 annually from this source. The revenue will be expended by the Department of Municipal Affairs on roads, bridges, ferries, etc. for the convenience of the actual settler.

Crop Prospects

The prospects for a splendid crop continue very good as the season advances. Truly the prospects were never brighter, both in the home-stead area and the district immediately adjacent to town. By the second week in August the harvest will be in full swing. A tremendous grain crop will be harvested in this district. A trip around the country is a great antidote for the blues; try it. The bright sunny weather of the past few days, is just what the grain needs.

Drys Lead in Election

From reports received up to press time it appears that the drys have quite a lead over the wets in the province.

Alderson poll stands a tie at present. It is now 40 to 40. There are three contested ballots. Two of these are claimed by the wets and one by the drys.

Calgary gave a big majority for the drys. They also won small majorities in Edmonton Medicine Hat and Calgary by 3000. The figures for the province with half the polls in are Drys 39000 Wets 20100

The wet majorities are Redcliff 20 Bowell 10 Suffield 10 Bluegrass 20 Royal 7 Fertile Flats 1 Tide Lake 29

Dry Polls Tripoli 18 Rainy Hills 10 not confirmed.

Later The Morning Times gives Lethbridge as wet. They state the 10s won in Edmonton by 3000 and Calgary by 3000. The figures for the province with half the polls in are Drys 39000 Wets 20100

The officers for the local wet on Liquor Act were as follows:

D. R. O. V. E. Starr.
Poll Clerk T. H. Harris.
Constable W. L. Stevens.

Scrutineers for Pros F. E. McDiarmid and J. Y. Clark.

For the anti Messrs Cole and Baeken.

O. H. Berget was the oldest voter to cast a ballot on the Liquor Act. Mr. Berget is 77 years old.

Sunny South Council

Council met as a Court of Revision on Saturday the 18th. On Monday they met in the Adanac Hall, Alderson, in regular session.

The most important business transacted was the appointing of A. Ames and Alex Stuart as weed inspectors. The district was divided into two districts: North and South.

Mr. Ames will be in charge of the north district and Mr. Stuart in the South. Minor will be borrowed temporarily from the Union Bank to satisfy the needs of the school districts. The councillors received their quarterly indemnity.

New Holland

On Sunday July 25th there will be an English service at ten o'clock in the forenoon, in the Reformed Church at the New Holland, twenty miles North East of Alderson. Everybody welcome.

Thanks! Teddy

Bauff Alta, July 15. While carefully avoiding all references to international politics and to Roosevelt's aid to the war, Col. Roosevelt admitted this morning that he had the greatest admiration for the Canadian soldier that he appeared to be a fine type of fighting man and that the splendid manner in which the Canadians had rushed to the front would prove immensely enabling to Canadian ideals. Col. Roosevelt who arrived quietly with his wife and secretary about 9 o'clock, was not committal on the topics of the day but expressed himself as delighted with the country in general.

Referring to the changing of Carlstadt's name to Alderson, the Bull Moose thought that this was neither necessary or well advised. Similar things he said had taken place in the States but to his mind prejudice should not be given so free a rein.

Tide Lake

Last Thursday a large crowd attended the plowing bee at H. Glenn. Mr. and Mrs. Hagooban spent the evening at Mr. Foster last Thursday.

There were a number of Tide Laker attended the Alderson celebration.

R. Clark had a force of men cleaning out his well.

E. Gray and R. Clark went to Jenner one day last week.

Mrs. Hagooban took a picture of the crowd ploughing on Glenns place last week.

Wm. Hunter commenced work on the hill north of Mr. Clark's.

Tripoli

Joe Bolau went to the Hat on Thursday to prove up. Frank Lemna and Henry Vandenberg were witnesses.

Quite a number of Tripolites attended the dance at Peerless and report a good time.

Jim Trueman is home from Kenner to visit his parents Mr. and Mrs. W. Trueman.

Dan and Mac Macfarlane were Sunday's visitors to Alderson.

Jim McElbion is owner of a fine team of horses that he purchased from the Gordon Raach.

J. W. Wallace called on Frank Lemna on Sunday.

Crops are looking fine.

FARMERS!

Have you provided yourself with
TWINE!

The car which we received is all sold and we are getting in another shipment to take care of orders on file.

As we are not ordering any more twine than we have booked orders for from the farmers, except enough to take care of an increase of orders placed with us, it would be advisable for you, if you have not already done so, to order your twine at once.

THURSDAY, JULY 22nd 1915

THIS is without doubt the lucky year of this town. The biggest crops in Western Canada surround the town, and will soon be garnered. Then to cap the climax of a good year, Ex-president Teddy Roosevelt gives this little town the freest publicity ever handed to a western burg, when he commented to a newspaper man at Banff on the town changing its name. It makes no difference to anyone that Teddy didn't approve of the change. It's publicity we want. If Teddy will only come back this way and stop off here for a day or so, will we get up a citizens meeting. He can air his views on this big subject. However, we forgive him this time for talking behind our backs.

NOW that Harry Thaw has been released from the Sanatorium with a certificate that he is sane, he can claim to have something that everyone has not, that is, a medical guarantee of his sanity.

Peerless

Mrs. Ralph Davy returned on Thursday from a visit in Calgary.

Mr. and Mrs. C. W. Goddard drove South last week to visit at Mrs. Goddard's former home and to remain over the Alderson celebration.

J. L. Brown is circulating a petition to try and secure twice-a-week mail. See that your name is on it.

Peerless school held its annual term-closing exercises on the afternoon of June 30th. The school was filled with parents and residents of the districts, and a pleasing example of community spirit was the attendance of the High Valley pupils and teacher. A lengthy program was ably rendered by the Peerless scholars; a few impromptu songs enjoyed; the races run and won (for lost); and a satisfying lunch depleted with much inward satisfaction.

Ray and Don Cameron are being visited by their mother from Ontario.

Mrs. Brown and family of Winnipeg are visiting Mrs. Brown's sister Mrs. Maxwell.

Miss Pearl Mills of Vancouver is the guest of her father and brother H. E. and C. C. Mills.

Quite a large crowd assembled in the schoolhouse on Friday night to spend the evening dancing. Averb Brock, Jack McCracken and Frank Kincaid took turns at furnishing the melody and a most enjoyable time was spent.

Jim McCracken has wheat that measured 62 inches two weeks ago. Who can beat it?

Aylmer Musgrave has returned from Barons' to help harvest the Peerless crop. Our grain is reported to be not quite so even but more advanced. We do not fear competition in this section when there is sufficient moisture.

LIBERAL ORGAN IS HIS DEFENCE

An Ontario "conservative" Teller on the Brantford "Expositor" to Support His Position on "Made-in-Canada"

The "Made-in-Canada" movement came in for considerable discussion during the Budget Debate in the recent session of the House of Commons. One or two members criticized the movement as being entirely selfish and in the interest of the manufacturers alone. In the course of the debate Mr. Fisher, the member for North Brant, quoted the Brantford "Expositor," one of the leading Liberal papers in Western Ontario, in support of the "Made-in-Canada" movement. After referring to the criticism of the "Made-in-Canada" movement, which had preceded his speech, Mr. Fisher stated that in his section of the Province of Ontario, which constituted an important industrial, as well as farming centre, the people all firmly believed in this movement.

"Not alone the artisans of Hamilton, Dundas, Brantford, Paris, Guelph, Berlin, Galt, Waterloo, Woodstock, Preston and other manufacturing centres, but the merchants and farmers as well, realize the importance of the "Made-in-Canada" movement. The artisan knows that increased demand for Canadian-made goods means better work and wages for himself and consequently more comfort for his family; the merchant knows it means more and better business, while the farmer has learned the value of the home market and knows that it means a better market for everything he has to sell. This view is shared by Liberals and Conservatives alike and it is like to read a few short articles on this movement taken from the Brantford Expositor, the leading Liberal organ in the section, from which I come, and I would comment these extracts to the hon. gentleman who has just taken his seat.

Cred For Canadians

On October 13, the Expositor published an article with the header "A good creed for Canadians," as follows:

"I believe in Canada.
I love her as my home.
I honor her institutions.
I rejoice in the abundance of her resources.

I have unbounded confidence in the ability and enterprise of her people, and I cherish exalted ideas of her destiny among the nations of this world.

Anything that is produced in Canada, from Canadian materials, by the application of Canadian brain and labor, will always have first call with me."

On November 4, 1914, it published another article, from which the following is an extract:

"To keep prosperity in Canada and the spectre of hard times out, just means that from now on the people of Canada will consider their own business of first importance, will spend their money for the goods made in Canadian factories. It is the importance of maintaining Canadian payroll that puts us all on the same level."

Appl on January 30

"The people are anxious to give preference in their purchases to goods that are the product of Canadian industry, but they must be made more familiar with the nature and extent of these articles. An educational campaign backed up by frequent exhibits in every shop and town in the country of "Made-in-Canada" goods will do much to increase the activity of the manufacturing establishments of the Dominion."

Economic Epigrams

On February 9 the Expositor contained a number of economic epigrams of which I will read two or three:

"Now that the real estate soap bubbles are out of business in this country we are again estimating the value of land by the number of smokestacks. There's more money in the "Made-in-Canada" habit than in the sub-division habit."

"God made the farm, but man makes the factory. The factories of Canada, created by Canadians, are entitled to the admiration of every farmer in Canada."

"Half the world does not know how the other half lives, and half the people of Canada might just as well say they don't care how the other half lives so long as they deliberately keep them out of work by buying imported goods."

These are clippings from the most prominent Liberal paper in that section of the country. I am sure that after listening to these statements, every member in this House will agree that the "Made-in-Canada" policy has taken a strong hold on the people of Canada, and as the importance of the question is better understood, this hold will continue to grow.

Buy an Irrigated Farm FROM THE CANADIAN PACIFIC RAILWAY

BECAUSE

Irrigation makes the farmer independent of rainfall and insures good crops, not only every year.

Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures best returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year 1914 having absolutely demonstrated its success wherever intelligently applied. You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$35 to \$75 per acre, with twenty years' to pay and the privilege of a loan of \$2,000.00 for improvements (6% interest); no principal payment at the end of first and second years and no water rental for first year. Assistance is also given in supplying stock in approved instances.

This is the most liberal offer of irrigated farm land on record

principal crops this year, and the
grain on new bar is king and summer
fallow is especially fine. The flax
is also looking good; some fields
looking as if they had been forced
on the green house system.

Pete McDonald has just finished
digging a new well for Jack Mc-
Laughlin. A fine supply of water
was struck at sixty-five feet. He
also dug one for Bill White, getting
a plentiful supply of the Divine
fluid at a depth of forty-five feet.

T. Allen and son, of Edmonton,
are spending a few days at the
ranch on business.

A new "oil" well, which gives
promise of big things in the Brutus
oilfields, is now being drilled on
the Gordon Hayes farm, by Pete
McDonald, an experienced oil
developer, who has operated in this
district for several years. Although
work only started Monday, the well
is now a considerable depth.
Gordon's sole object is to find water
or oil, and he believes he has struck
the right spot. He is personally
directing operations.

H. Jones, who spent the winter
in Washington and Montana, has
returned to his home town.

Elwin Peter, of Tripola, is assist-
ing Roy Garbutt to pick rock for a

M. V. Wilson bought a fine team

EFFECTIVE DEFENCE OF "MADE-IN-CANADA"

Advertising Journal Takes Issue With
"Made-in-Canada" Movement
Successfully Answered

"Economic Advertising," a Journal
published in Toronto for circulation
among advertising men, in its May
issue has an editorial condemning the
"Made-in-Canada" movement—first,
because of the entire selfishness,
and second, because when analyzed
"it is not good business." A well
known periodical publisher in Toronto,
who has championed the "Made-in-
Canada" movement from the start,
takes issue with the editorial in the
following letter, which has been ad-
dressed to the editor of the paper in
question:

Wherein is the sin?
Let us consider the facts. What
good business made you know who
is not selfish—at least selfish in an
enlightened sense, which after all is
the greater selfishness. To some it
has appeared that the whole "Made-
in-Canada" movement, in but mere
sentimentality and that Canadian
manufacturers are taking advantage
of conditions to advance their own
interests. You claim this is wrong
in your editorial, I say it is right.
It is selfish in the sense that each
individual manufacturer in Can-
ada is trying to keep his own
business afloat during these trying
times. When is the selfishness?
Is it not good business that the Can-
adian manufacturer should have
his own factory, give his laborers
employment, and make the money
with which to pay them and pay him-
self, much of which must ultimately
find its way around to our stores and
make good business for all of us, and all
along help make better business for
everybody in the country? You don't
see that rather than Canadian man-
ufacturers do this than attempt to
please the anti-Canadian by spending
time on our knees praying for the
success of our armies in the field
without turning a hair to make "gold-
on-bullet" with which to buy the
supplies for our defenders? The
business man who is honorably selfish
has an asset to the country; it is the
multitude of honorably selfish units
that makes the successful nation.

Price and Quality
Your second objection: "It is not
good business—certainly it is not
good business unless the quality and
the price is right and the goods are
such as the people ask for." Granted
this much, is it bad business to give
preference to these "Good Goods
Made-in-Canada" as against imported
goods, which may be "damper" to
this country? I hold no brief for any
Canadian manufacturer who may be
making poor quality goods, which
cannot compete with the open market,
and who will take cover under any
"Made-in-Canada" cry, just as a poor
religion might do in trying to sell
inferior goods. If I do, however,
extending a reasonable prefer-
ence to Good Goods that are made
in Canada, and overcoming as far as
possible the tariffing issue, which
seems to be an instinct in hu-
man beings everywhere against goods
of some manufacture. I back this
with my own time and without firm's
resources, and gladly devote consid-
erable valuable space to this cause in
our great home magazine. Frankly
I take issue with you when you pub-
lish an editorial condemning whole-
sided the "Made-in-Canada" movement,
and stating "the Made-in-Canada"
 slogan has almost disappeared into
"foggy." I believe that you will agree
with me that there is a greater tan-
gible thing offered and very pronounced
value in connection with the patriotic
movement. I should welcome the
privilege of writing this to you by
means of several thousand letters
which we have received from our
men readers demonstrating great
and decided value in this movement
as furthering the interests of Good Goods
that are Made-in-Canada. Perhaps
you may care to illustrate how one
Canadian manufacturer is taking ad-
vantage of this movement in his ad-
vertising of underwear for his
clothes. I enclose a couple of specimens
in this series, which point the way
very clearly as to how Canadian
manufacturers can well link up with
this movement to their decided ad-
vantage.

It is as much the duty and to the
advantage of every Canadian to buy
goods made in Canada as for a Can-
adian soldier to fight for his own
country instead of going over to the
enemy.

The man that has a made-in-Canada
salary should have made-in-Canada
laurels.
